

Building Software Systems

Lecture 3.1

Introduction to Linux and VirtualBox

SAURABH SRIVASTAVA

ASSISTANT PROFESSOR

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

IIT (ISM) DHANBAD

Live Session

We could not record this session

- This link could be helpful with some of the commands we discussed that day:
<https://www.dummies.com/article/technology/computers/operating-systems/linux/linux-for-dummies-cheat-sheet-209505/>

You can, however, look at some old Lectures of mine (they are meant for B.Tech 1st Year students)
